SELECTION OF AWARD-WINNING SINGLE ORIGIN INFUSIONS FROM THE NAZANI TEA COLLECTION

Nazani Tea is based on transparency, sustainability, and ethical sourcing, and specialises in single batch, single estate, and single origin herbal infusions from across the world. All our herbals are handpicked, and are either wild foraged, organic or naturally grown without the use of any pesticides or chemicals. They are the purest expression of the terroir, the vintage, and the varietal.

SINGLE ORIGIN HERBAL INFUSIONS

Lemon Verbena (*Aloysia citrodora*)

Naturally grown in the alpine areas of northern Naxos around Koronos village, approximately 700-800m above sea level. Distinctively pungent, with grassy, herbal, and refreshingly crisp lemon notes. Brew time 5 minutes.

Organic Olive Leaf (*Olea europaea*)

Handpicked from the beautiful Cycladi olive groves of the Spanos family on the island of Naxos, Greece. Our olive leaves come from indigenous trees which are 400 - 600 years old. Full body with distinct, but delicate umami, grassy, green and sweet flavours. Brew time 7 - 10 minutes.

Wild Rooibos (*Aspalathus linearis* x *Bossie tea*)

Wild and hand-harvested 650-800m above sea level from the private nature reserve within the Blomfontein Farm. This wild varietal brews to a unique colour, and is delicately earthy and smoky, with subtle sweet notes. Brew time 5 minutes.

SINGLE ORIGIN FLORAL INFUSIONS

Chamomile (*Matricaria recutita*)

Naturally grown amongst the olive trees across the Cycladic Island of Naxos, Greece. Our chamomile is comb picked and dried by villagers using traditional methods during late spring. Warming and soothing, with a gentle floral sweetness. Brew time 3 minutes.

Organic Damask Rose Buds (*Rosa x damascene*)

Handpicked 800 - 1,200m above sea level from the Tsolakis Rose Farm of Agros, in the Troodos mountains of Cyprus. Delicate, but syrupy in the cup - an honest and pure expression of the most sought after rose variety in the world. Brew time 5 minutes.

Wild Mallow (*Malva sylvestris*)

Wild and hand-picked at 1,400 – 1,500m above sea level from the forest of Odzun, Armenia. Sweet with very delicate floral notes. This truly is a unique and magical infusion as our mallow changes colour in the cup (unaided), from blue or purple (depending on the pH of the water) to grey, with a hint of blue or pink when done.

Wild Safflower (*Carthamus tinctorius*)

Foraged 1,900m above sea level from its native habitat, in the Lori region of Armenia, by the residents of the village of Odzun. Grassy aroma, with honey-caramel notes reminiscent of rooibos, and tailing off with savoury after notes, safflower brews a stunning golden colour in the cup. Brew time 5 minutes.
